# Flashmob

- Thursday, May 21, 2015, we held a flashmob activity to attract public attention to project Erasmus "Unesco Heritage". For this, we had to practice several times. We had made three rehearsals to learn the dance with another crew from Bistrita called "Cheers" whose choreographer, Roxana, created our dance moves. We also had met once, one day before the "great show", to practice in the festive room from our highschool. With this last repetitions, we managed to perceive the choreography and we were ready to dance! Our teachers gave us blue and yellow T-shirts, the specific colors of our highschool with the project Erasmus' logo on them.

- On 21 May 2015 we encountered near our school, on a place called “Decebal” for the final performance. With a lot of joy and together with the Bruno Mars song “Uptown Funk” we finished this flashmob activity which will remain a pleasant memory for us.

- **Observation:** it has been confirmed that the next meeting will take place in Crete, Greece, from 28<sup>th</sup> September to 4<sup>th</sup> October 2015.
